***5 MINUTES THAT
CAN SAVE YOUR
LIFE***

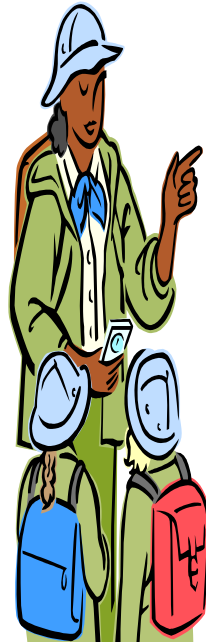

**HELP SOMEONE STAY
ALIVE**

**THINK SAFETY ,YOUR
LIFE MATTERS.**

**FIVE MINUTES THAT CAN
SAVE YOUR LIFE BEFORE
GOING OUT TO SEA**

- Ensure your boat is capable of making the trip and its engine is working well.
- Check the latest weather reports and remember it is safer to postpone the trip if there is impending bad weather. Risks are not worth the loss of lives.
- Make sure your safety gears and all necessary equipment is on board and in good working order. Go through your safety checklist.

- Tell someone who cares where you are going and approximately when you expect to return. Or let others at your destination know your approximate arrival time.

**SMALL BOAT SAFETY
CHECK LIST...**

- Life jackets or buoy
- Bailers -Signals
- Knife -Foods
- Fresh water -Voyage plan
- Paddles -First aid kit..etc
- Spare parts
- Extra fuels

**How much our life
worth?
Why lost our life
unnecessarily?**

REMEMBER!!

THINK SAFETY...
