THINK SAFETY, YOUR
LIFE MATTERS

BOATING UNDER INFLUENCE OF LIQUOR...

WHEN A SKIPPER OR A PASSENGER IS UNDER THE INFLUENCE OF LIQUOR -

1. Your own life is at risk.
2. Your passenger's life is at risk
3. Your boat is at risk, and
4. You are incapable of handling any problems that arises...

DON'T RISK YOUR LIFE

OVERLOADING CAUSES :

1. Capsizing
2. Lower free board
3. Affect stability
4. Compromise your safety

WHAT IS SMALL BOAT SAFETY?

- Your boat is seaworthy
- Your boat is equipped with safety equipments
- Your engine is in a good working condition...

ALWAYS REMEMBER

- Safety at sea means that you will take all possible precautions to ensure that you and your vessels are adequately equipped to handle any problems.

SAFETY AT SEA MEANS

...ALWAYS GETTING HOME..

THINK SAFETY
